COMMUNITY

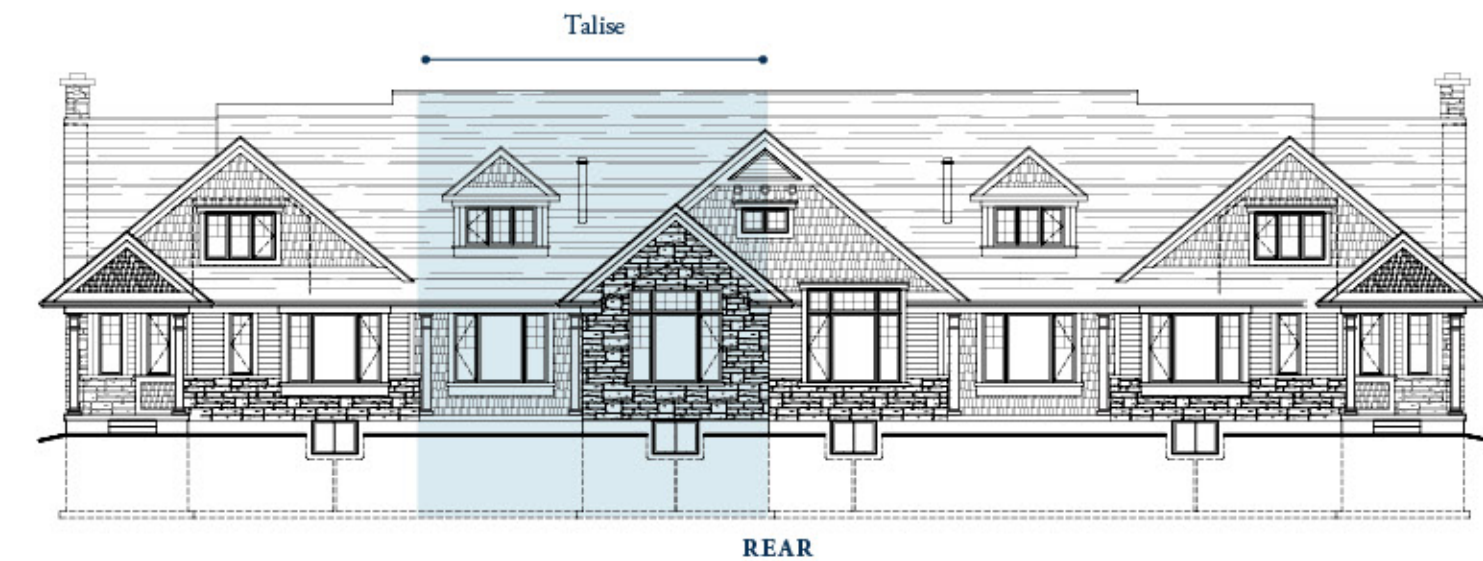

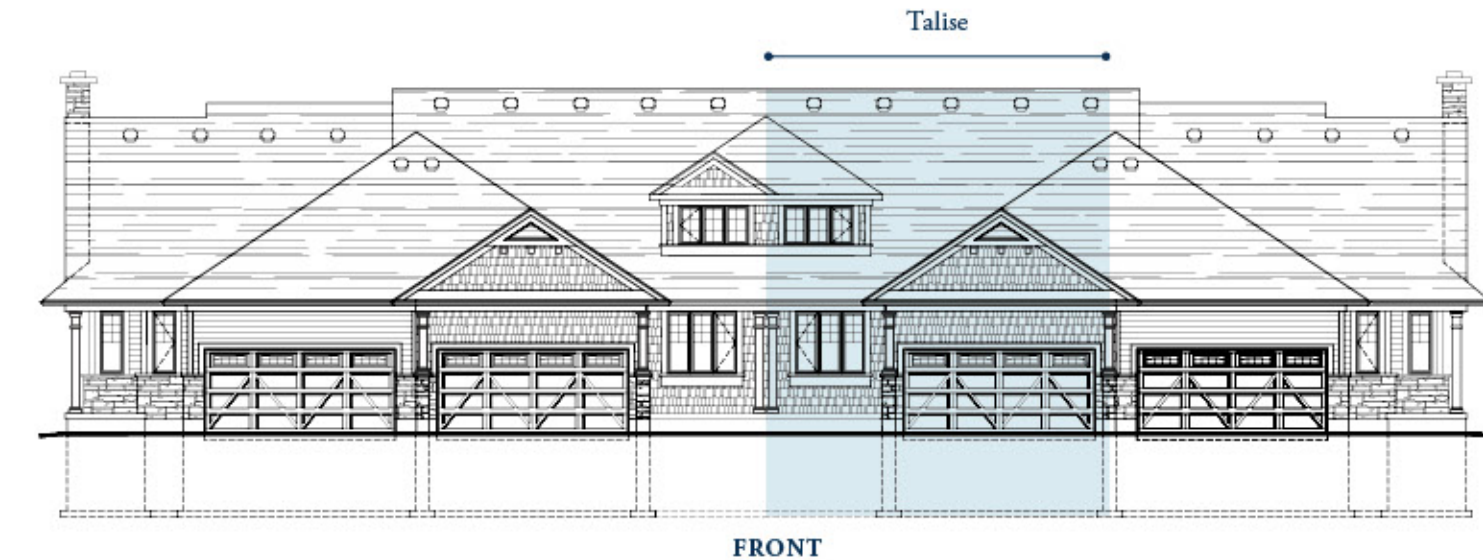

If you could design the perfect place to live, you would be hard-pressed to come up with a community that could trump The Residences of Cobble Beach near Owen Sound. This community is built on 574 acres of pristine land on the panoramic shores of Georgian Bay. These beautiful new homes are surrounded by the world-class Cobble Beach Golf Links Club, a golf course that lines the gorgeous lakeside and winds through an open meadow edged with mature woodlands. The master plan envisions detached homes, villas, townhomes and luxury estates, all crafted into pedestrian-friendly streetscapes.

A charming Nantucket style Clubhouse sits at the heart of the community offering boutique accommodations as well as year-round hospitality and 5-star dining. As a homeowner you will enjoy full access to The Spa's sauna, whirlpool and tennis courts, as well as the fitness centre and swimming pool. It is more than an eminently impressive destination – it is a lifestyle that is in every way unique. The Inn and Sweetwater Restaurant and Bar at Cobble Beach Resort and Spa received 2016 Certificates of Excellence – accolades that reflect consistently great reviews earned on TripAdvisor.

All homes are ENERGY STAR offering a healthy and green home that reduces energy consumption and saves money.
